April 22 - 25, 2022**

OCTAResearch

Technical Details of the Survey (TNM April 22-25, 2022)

- Coverage: Philippines
 - National Capital Region (NCR)
 - Balanced Luzon
 - Visayas
 - Mindanao
- Duration: April 22 - 25, 2022
- Respondents and Sample Size:
 - Two thousand four hundred (2400) male and female probability respondents aged 18 years and above who are registered and likely voters from Class AB, C, D or E homes were interviewed for the study.
- Sampling Design:
 - Random sampling for selecting the sample barangays.
 - The number of barangays selected for each city/municipality was proportional to its corresponding population size.
 - In each sample barangay, interval sampling was used to draw 5 sample households, following a random start. In each household, a probability respondent was chosen using a probability selection table (Kish Grid).
 - Margin of Error: $\pm 2\%$
- This is a non-commissioned survey

Technical Details of the Survey (TNM April 22-25, 2022)

Table 1. Sample size distribution and margin of error

AREA	SAMPLE SIZE	ERROR MARGIN
